**KILLED LORER  
WENT NORTHWARD  
FROM CITY TWICE**

Outfitted for His First Trips Here, and His Trophies Still Remain.  
LARGEST BUFFALO BULL FELL BEFORE HIS RIFLE

George B. Fraser, Recently Back from Cornwall Journey, Has Latest News of Him—Alderman May Talks.

New York, N. Y., Sept. 10.—Members of the Arctic club here surprised at the report of the murder of H. V. Radford, of New York, and George Street, of Ottawa, by Eskimos. It was one of the first instances of display of savagery among the Eskimos, they say. A letter from Radford on June 5th, 1912, the day he is said to have been killed, was received yesterday. The letter was forwarded from Bathurst Inlet, by the same Eskimo chief who brought the news of the murder of the two white men to the North West Mounted Police. In his letter Radford announced that he and Street were starting for the MacKenzie delta.

Harry Radford, the explorer, whose death at the hands of the Eskimos is reported in the telegraphic dispatches, was well known in Edmonton and Northern Alberta. He outfitted in this city for his first two trips into the north and his exploits were liberally treated by the press. When Radford first went north from Edmonton some four years ago, he had a government permit to obtain the skins of the wood buffalo, that range near Fort Smith, between the Great Slave and Peace rivers. Unfortunately the first buffalo he killed was a cow which, the natives declare, he did not know from a bull. The Eskimo being of little value to him, Radford then killed the large buffalo bull of which there is any authentic record. On his return to civilization, Radford frankly told of having killed two buffalo, whereupon the government authorities took possession of the skin and head of the bull. These trophies are still in Edmonton. Radford managed to procure the skeleton which he sent to the American Museum of Natural History in New York. The Arctic club of New York backed Radford in his second venture in the north, which he started from Edmonton some two years ago. He was unprepared as to what route to follow, and, though he had a permit, he found conditions and to what extent he could obtain skins. His intention was to follow the route, in part at least, if possible. This, he appears to have attempted with unfortunate results.

## NO CHANCE FOR THE BIG FIGHT

Ritchie-Walsh Battle Has Definitely Been Cancelled by Promoters.

Vancouver, B.C., Sept. 10.—It looks today as if the Ritchie-Walsh fight were definitely off and there is practically no chance of the match being held off.

Ritchie on leaving for Seattle last night said he was tired of playing off one boy for the fight promoters. Ritchie said: "Springer, head of the fight syndicate, said he would make a feature of a second fight which had been signed by Chet McIntyre after Springer told me that McIntyre was his agent. If he repeats one clause they may repudiate all. What I feared was that at the last minute the chief of police would be given a tip by a local syndicate to call the match off. I would sooner quit now than they do before the match."

On the other hand Vancouver reports are loud in their denunciation of Ritchie, declaring he has run out of the match. The concession he was kicking about was worth less than \$500 and the fight syndicate think if he really wanted to fight he would not walk away from a \$100,000 guarantee for the sale of a possible \$600.

## AGAIN MEXICO AND UNITED STATES ARE GETTING TOGETHER

American Embassy in Southern Capital Expecting New Negotiations.

WILSON IS TO RECEIVE ZAMACONA UNOFFICIALLY

This is the Plan Decided Upon by the American Administration if His Visit is to Cause a Settlement.

Mexico City, Sept. 10.—The probability that negotiations between the United States and Mexico would be resumed at an early date was the opinion expressed yesterday at the American embassy, although Nelson O'Shaughnessy, the chargé d'affaires, was non-committal as to whether he had been advised of a new proposal or officially of Washington's determination to make a further effort at adjustment.

It is significant, however, that he has advised President Wilson's representative, Mr. Lind, who is now at Vera Cruz, to return as far as Orizaba, about one-third the distance to the capital, Mr. Lind seemingly not wishing to come to the capital until the preliminary had reached a stage where he felt assured his services could be utilized.

Whether Mr. Lind will act on this recommendation is not known. Mexican Foreign Minister Gamboa denies any official character to Senor De Zamacona's visit to Washington.

Gamboa Placids Ignorance. He pleaded ignorance of the American government's intention to make further overtures, although he expressed the belief that the action on the part of the United States was not unlikely as Mexico was without a recognized ruler for a second time.

Mexico, he said, was willing, as always, to take under consideration any proposition which might be forthcoming.

## LIVES OF WOMEN BROUGHT TO END THROUGH MURDER

Body of One is Found Hidden in a Cornfield Showing Fierce Struggle.

ANOTHER DASHED FROM WINDOW MAKING ESCAPE

Sordid Story of the Finish of a Third—Man is Slain and Corpse is Carried Away in a Truck.

Windsor, Ont., Sept. 10.—Shortly before 3 o'clock, a night, the body of a well-dressed woman was found hidden in a corn field near Old Castle, eight miles from Windsor, with all indications pointing to murder.

The woman, who was of medium height and about 35 years old, evidently had been terribly beaten before the head with some blunt instrument. Her body bore evidences of a fierce struggle. Her hair was disheveled, her face was a mass of cuts and bruises, while her clothes were torn to shreds.

Constance Brein, of Essex, was notified and will conduct the investigation. He is of the opinion that the woman is the victim of some desperate lay in wait for her as she was passing along a road not far from the field.

She dashed to death. Montreal, Sept. 10.—A 10-year-old girl, apparently about 10 years old, either fell or jumped from the fourth floor of a Notre Dame street boarding house last night and was dashed to death. The police are holding Pierre Valade, 41 years old, in whose room the girl is thought to have been, and are instituting a thorough investigation.

The girl was only partially dressed when picked up on the sidewalk, and bloodstains upon her clothing suggested that she had been assaulted and was attempting to escape when she met her death.

Opens Fire on Woman. Vancouver, Sept. 10.—Pleading with held Evans, 10, yesterday afternoon opened fire on Violet Vickers, 414 Alexander street, and spread consternation among the denizens of the restricted district. Evans in a running deal with Constable Nickerson and Detective Clouston, was shot, but not he had wounded a messenger boy named Nelson and another man named John McCarthy. The police opened fire and wounded the assailant. Both the assailant of Violet Vickers and Nelson were taken to hospital. The wounds are not considered serious.

Sept. 10.—Sordid details of the occurrences surrounding the untimely demise of Sarah McKean.

## ANOTHER OUTRAGE AGAINST JAPANESE

Messenger Attacked by Chinese Soldiers, and Flag Torn and Trampled.

Peking, Sept. 10.—The Japanese consul at Nanking yesterday reported to the Japanese legation here another outrage incident at Nanking. As the consul's messenger, carrying a small flag designating his nationality, was travelling through the city Monday day he was assaulted by Chinese soldiers. The soldiers, according to the report, took from him the Japanese flag and, after tearing it up, trampled the pieces under foot.

## Daring Descent Into the Crater of Mt. Vesuvius

Professors Remain Inside Two Hours Studying Anid Asphyxiating Gases.

Naples, Italy, Sept. 10.—Prof Mercalli, director of the observatory of Mount Vesuvius, together with several professors of the University of Munich, accomplished a daring descent into the crater of the volcano today.

The professors remained inside the crater two hours studying, in the midst of asphyxiating gases, new volcanic activity.

The explorers remained eight hours investigating. The scientists consider that a great re-awakening of the volcano is approaching.

## LIBERAL POLICY TOLD AT SOUTH SIDE GATHERING

Premier Sifton Calls Attention to Individuality of the Party.

MEETING IS LARGE AND ENTHUSIASTIC

Hon. Frank Oliver, Hon. J. R. Boyle, Minister of Education, J. M. Douglas, M.P., the Speakers.

Nearly 400 people attended the liberal rally in the clubhouse of the South side Liberal club last night. When Premier Sifton, Hon. Frank Oliver, Hon. J. R. Boyle and J. M. Douglas made stirring addresses.

The rally was one of the best that has been held in the province for some time. All the speakers dealt with the growth of liberalism in Edmonton and the principles that differentiated the party from other political parties.

Premier Sifton strongly emphasized the need of education in the interests of liberalism in order that the great principles of the party might be properly understood and acted by all good men. The work which the Liberal club of the south side was the kind that should be done in every community.

The speaker also dealt with the growth of liberalism in Edmonton and the principles that differentiated the party from other political parties.

Hon. J. R. Boyle, Minister of Education in the province of Alberta, succeeded Mr. Sifton on the platform and dealt largely with the bilingual school question. The policy of the Alberta government with respect to the teaching of English by qualified teachers. He referred to the fact that he had the last provincial election a number of teachers from Manitoba had come to this province for some of the Ruthenian settlements. They proved to be qualified teachers, and were soon re-assigned to the schools where they were wanted.

J. M. Douglas spoke very briefly, expressing pleasure at the presence of the visiting speakers.

Hon. Frank Oliver, referring to the old days in Alberta when the country was not as well settled as at present, and political success, he said, meant sacrifice. He said that the Liberal party had made its mark in the history of the province.

## FRANK A. WALKER GLAD TO BE HOME

Alberta Legislator Says Abroad One Feels as Though Under Espionage.

BETTER GRAIN EXHIBITS ADVISED FOR PRAIRIES

Has a Brief Visit With Lloyd George—Statesman is Declared to Possess Wonderful Magnetism.

Mr. Frank A. Walker, member of the Alberta legislature for the constituency of Victoria and Liberal whip in the house, since his return from a journey through England, Ireland, Scotland, Wales and portions of Europe, which he and Mrs. Walker commenced on May 9.

Both Mr. and Mrs. Walker are in the best of health and delighted to be home again.

"Glad to get home" has been the cry of every Albertan I have ever met who had been to Europe," said Mr. Walker, "but I never appreciated its meaning until I had the chance to repeat myself."

On the other side of the Atlantic you are obsessed with a feeling of restraint and restriction which you cannot imagine what a relief it is to get away from.

Mr. Walker was accompanied by his wife and two children. They arrived in Edmonton yesterday evening after an almost record trip.

He was accompanied by Peter Gunn, member for Lac Ste. Anne, who assisted Mr. Walker in his recent election there. They came to the city by way of Edmonton, starting a few days after the result of the by-election was announced, and completing the 247 mile overland journey from Grand Prairie to Edmonton in a few days.

Both Mr. Gunn and the Hon. Mr. Stewart say that the crops in the Peace River country are in excellent condition and that they are all harvested inside of a week or two. The amount of grain is much greater than in any previous year.

A Good Election. The by-election which was brought to a close only a little more than a week ago was a most successful one. In spite of the size of the constituency it was covered without any great difficulty, and as the vote indicated, the people there have confidence that the government is doing its utmost for the north country.

The Hon. Duncan Marshall arrived back from the east last night and is staying at his home on Seventh street. Mr. Marshall has not been very well since his return, but expects to be in Vancouver by the time the legislature opens. Mr. Marshall has been in Chicago as well as a number of other places on his recent tour.

Other Members Back. Mr. E. R. Turcotte, member for Hinton, also arrived in Edmonton yesterday. He will remain in the city until the legislature opens next week. Mr. Turcotte's election was a very close one, and he is in excellent shape. In fact, he expects a record crop.

Mr. R. T. Telford, member for Leduc, is another of the members to arrive in the city. Mr. Telford has been a member of the legislature since the first legislature for Alberta was elected in 1905. Harvesting is well advanced in the Leduc district.

Adrien Boudreau, member for St. Albert, was in Edmonton this morning, meeting the other members of the legislature from more distant points.

Members of the Legislature for Victoria in City.

## MEMBERS GATHER FOR OPENING OF ALBERTA HOUSE

Hon. Charles Stewart and Peter Gunn Back From Peace River.

ALL OPTIMISTIC THAT SESSION WILL BE BRIEF

Hon. Duncan Marshall is Back From East—J. R. Turgeon, T. R. Telford and A. Boudreau in City.

Members of the Legislature of Alberta are gathering in the city today preparing for the opening of the Provincial House, which event takes place on Monday, 16th of the present month.

All appear to be optimistic that the session will be a brief one, and that they will get back to their homes well before Christmas.

Mr. Charles Stewart, who arrived in Edmonton yesterday evening after an almost record trip.

FRANK A. WALKER.

Member of Alberta Legislature for Victoria in City.

## CANADIAN ACTION IN THAW'S CASE ROUGHLY SCORED

Acting Minister of Interior Assumes All Responsibility for Action.

FUGITIVE ARRESTED IN NEW HAMPSHIRE HILLS

First the Slayer is Deported to Vermont—Fights Like a Madman, Breaking Window—Screams in Auto.

Albany, N. Y., Sept. 10.—William Thaw's Jerome and Deputy Attorney General Kennedy denounced Thaw's deportation in the most contemptible trick in the history of civilized government.

Arrested in New Hampshire. Colebrook, N. H., Sept. 10.—Harry K. Thaw wandered about the hills of Coos county, N. H. for three hours today after being thrust across the Canadian border at Norton Mills and was arrested by Sheriff Drew, of Coos county, at a little school house five miles from Colebrook just before noon.

## AVIATOR CHEATS THE IRON DEMON, AND SAYS-SELF HE HAS WON

Machine Turns Over Completely Four Times in a Drop of 2000 Feet.

GETS ENGINE STARTED  
AND RESUMES FLIGHT

Sixteen Are Killed When German Craft Is Struck by a Hurricane—Two Are Victims in Other Accidents.

London, Sept. 10.—An airman named Kent, attached to the Royal Aircraft Factory, had a marvelous escape from death yesterday near Farnham. When at a height of 2,000 feet his engine stopped and he lost control of his machine. Spectators were amazed to see the machine turn completely over four times, then with the utmost difficulty the airman regained control of the machine and succeeded in descending safely and landing close to the edge of a pond.

An eye witness says that when the machine turned over it seemed to founder helplessly, but that within about 100 feet of the ground the pilot got his engine started again, planned up a short distance, and descended in a very steep spiral volplane.

After landing Kent appeared much shaken, and remarked: "I thought I was gone for that time, but he soon recovered from his shock, and his engine had been attended to, resumed his flight."

**Many Are Killed.**  
Berlin, Sept. 10.—The German airship L.1, destroyed last evening in a hurricane eight miles north of Copenhagen.

Torpedo boats were immediately dispatched to the scene, and recovered six of the crew. Sixteen others are missing, and it is certain they perished as the airship sank quickly in the heavy seas.

Among those who lost their lives were Captain Meteling, commander of the wrecked airship, and Baron Von Aulhausen.

According to later reports seven of the crew were rescued and 15 men perished. The airship remained afloat for not more than an hour. The hurricane came on so suddenly that it was impossible for the commander to reach a landing.

The airship was engaged in reconnaissance work in connection with the torpedo boat maneuvers. She was equipped for a 30-hour cruise, and was on a full war footing and observing the conditions of actual warfare.

The airship kept at a height of between 4,200 and 5,000 feet. The storm atmosphere caused a heavy loss of the gas, and as she was overloaded, the airship had already been unable when the storm struck it suddenly from the north. When the crew saw danger approaching, a wireless message was sent asking for help and indicating the intention of landing on the water behind Helsingør.

The airship was then seen to be pushed by the wind, and the airship, but observed the signal, "Cast out entire water," and the airship, however, failed to respond and fell swiftly to the sea.

Most of the officers remained in the cabins, not expecting a catastrophe, and they were crushed under the weight of the craft and drowned. Others in the gondolas jumped into the water and were rescued.

**Military Aviator Victim.**  
Sebastopol, Sept. 10.—Military aviator Bruchin fell today while making a flight, and was instantly killed.

**Pilot Meets Death.**  
Lyon, France, Sept. 10.—A monoplane driven by Aviator Chomienne, fell yesterday. The pilot was killed.

North Bay, Sept. 10.—Denz Bitters, a small village on the St. Lawrence river of North Bay, was practically wiped out by a fire yesterday.

## IN THAW'S CASE PROBATIONLY SCORED

(Continued from Page One.)

Sent to the Border.  
Cootstock, Que., Sept. 10.—Harry K. Thaw was taken to the Vermont border at 9 o'clock this morning.

As Thaw left the station under the guidance of Deputy Superintendent of Immigration Roberts, he said it was a case of kidnapping. Roberts answered him that it was "All regular."

The immigration officers would make no explanation except that they were acting under orders.

Thaw was taken at once towards the Vermont border in an automobile. He seemed and fought like a madman all the way.

On his way to the automobile, Thaw shouldered at the top of his voice that he was not a kidnaper, and immigration officers sought to quiet him with assurances that such was not the case.

The suddenness of the automobile, took both Thaw and his counsel entirely by surprise.

The destination of the automobile, save that it was some place in Vermont, just over the border, was unknown to any person except his passengers.

It was reported that Thaw would be taken to Norton Mills. Hector Verreil, of counsel representing New York State, in the fight to have Thaw brought back to Matamoras, said that Thaw was taken to Norton Mills.

Verreil, in chief of the New York legal forces, was at Norton Mills. Verreil added that nearly knew that Thaw was to be taken so suddenly to Vermont.

Armed with written orders to deport Thaw, issued by Hon. C. J. Doherty, acting minister of the interior, and P. Blake Roberts, assistant superintendent of immigration, came unheralded to Cootstock last night.

He told no one of his plan except a subordinate necessary to aid in executing them and two Dominion policemen.

Accompanied by subordinates and two policemen, Robertson went to Thaw's quarters at the detention pen, shortly before 8 o'clock this morning.

They found Thaw fed and dressed, and should to start on his plant early this day's work. Robertson, as spokesman of the group, told Thaw that he had orders to deport him to Vermont.

Thaw could not have been more surprised had he been told that he was ordered to deport him to Vermont.

Before Thaw could reply, Robertson ordered him to get ready at once for the trip, telling him that the automobile was waiting for the dash to the border.

Thaw's surprise changed to fury in a moment. He refused to go, and taking up a bottle, hurled it at his mark. The missile went wide of its mark, crashed on the roadway outside, and Robertson and his men seized the prisoner and forcibly ejected him from the room.

**Picked Up by Reporters.**  
Cootstock, Sept. 10.—Harry K. Thaw, relieved forcibly from his quarters here, at noon was a free man, travelling with a number of American correspondents. The Milwaukee Press five was dropped over the border by the Canadian authorities into Vermont.

Alone, no one, he did not know what to do. The newspapermen following him took him into their car and are now trying to get him to the border.

At noon they had passed from Vermont into New Hampshire. As the car progressed the newspaper men telegraphed Thaw's movements.

Believing this morning that he was being kidnapped, he resisted, forcing his removal from Cootstock. He said that the outcome of his quick dash to automobile in American territory was being him to freedom and place him in the hands of the men who up to the present time had devoted their energies to the rescue of Thaw.

In the suddenness of the events of the morning, without any array of legal counsel he did not know where to turn for advice.

After a brief consultation with the newspapermen the automobile, hired by the reporters, with Thaw in it, went on to Averill.

Here a brief stop was made and by 10 o'clock he had crossed the Vermont line into New Hampshire.

**Rescued Across Vermont.**  
Beaver Falls, Vt., Sept. 10.—Racing across the top of Vermont in an auto with two newspaper correspondents, Harry Thaw crossed the Vermont border at 10.10 a.m. today, and stopped for a while at West Stewartstown, in the state of New Hampshire.

On reaching Norton Mills, Vt., where he had been taken by the Dominion immigration officials, Thaw and his counsel proceeded to Averill, a small country village, where he had breakfast.

Escaping another car to Matamoras, the fugitive and correspondents passed through Canada, and then crossed the river into New Hampshire.

Thaw's haste to leave Vermont was probably due to his knowledge that a warrant for his arrest was awaiting service in the state.

Thaw had no plan for the future. His deportation was a complete surprise to him and he was at a great disadvantage in the fight to get across the northern part of Vermont.

Up to the time he crossed the Vermont border, he had no plan to interfere with his flight; was taken, he believed the Vermont and New Hampshire authorities had been informed of his removal from Canada.

Thaw's flight was perfectly apparent, having studied it in detail before leaving Matamoras. The last of the Vermont immigration officials, by the same road he took when he fled towards Canada.

**Absolutely Free in Averill.**  
Averill, Vermont, Sept. 10.—Thaw arrived here at 9 a.m. He had been released by the Canadian immigration officials, and his counsel, who had crossed the Vermont line at Norton Mills, four miles away, he was an absolute free man.

Thaw's flight was perfectly apparent, having studied it in detail before leaving Matamoras. The last of the Vermont immigration officials, by the same road he took when he fled towards Canada.

authorities have deported Thaw," he said.

"I have no word to the effect, and do not believe it. This is the first I have heard of it."

The members of the Thaw family were dumfounded when they learned that Thaw had been deported. "It is a parody," said J. N. Greenhalgh, K.C., the leader of Thaw's band of lawyers. "I cannot understand it. With a threat of prosecution and a habeas corpus it seems to me to be utterly impossible to believe. It is all beyond me. It is a case of the law."

## SIX HOTELS AND MANY COTTAGES BURNED TO GROUND—COVERED A LARGE AREA

Salisbury Beach, Mass., Sept. 10.—This summer resort was swept by a fire late yesterday, and this morning a large area of the beach, and 150 cottages are being destroyed.

Two hundred thousand dollars worth of property was wiped out in an area of three-fourths of a mile long, and 200 yards wide, including much of the central part of the resort.

The hotels were still fairly filled with guests, and the cottage colony popular despite a warning series, but injuries were few and minor. Only one man was seriously injured. A fireman, jumping from a third story window of the hotel, was killed.

Other things being equal, the 20 of the hotel were seriously injured. A fireman, jumping from a third story window of the hotel, was killed.

# MIVOR DEFENDS HIMSELF: CHARGE IS NOT PROVED

Alderman Livingstone Made Strenuous Attack Against Building Inspector. SOME MEANS TO EVADE BYLAW ARE EXPLAINED

Report of the Official Regarding the Alderman's Accusations is Adopted by the City Council.

Building Inspector Melvor successfully defended himself against charges made by Alderman Livingstone at a previous meeting of council when last night he was on the carpet and put through a series of questions by several of the aldermen.

Alderman Smith wanted the inspector to explain why a vacant spot on Jasper avenue between First and Second streets was allowed to be occupied by a building contrary to the provisions of the bylaw. Mr. Melvor replied that he had had information and had the parties responsible fined but had not been able to get the premises to be done in the matter.

Alderman Livingstone wanted to know why the inspector allowed a small building to be moved on to a vacant lot on Nanyaw avenue in the first class fire limits. To this question the inspector replied that the building had been moved there during the night and in the morning no trace of the owners could be found. The owners of the lot claimed that they knew nothing about it, and since that time the inspector stated that nothing could be done in the matter.

Magrath-Holgate Building. Alderman Smith asked why the old Magrath-Holgate building was allowed to be practically rebuilt, yet not in accordance with the bylaw. Mr. Melvor explained that the building was allowed some latitude and in this case a desirable improvement was made on the premises, the whole inside being torn out and plastered walls substituted for wood partitions. This he considered an improvement on the former conditions there.

Alderman Walsh then wanted an explanation as to why the lot on Jasper avenue between First and Second streets was allowed to be occupied by a building contrary to the provisions of the bylaw. Mr. Melvor explained that he had had information and had the parties responsible fined but had not been able to get the premises to be done in the matter.

## Report Is Adopted.

A report in writing was submitted by the inspector and read to the council and on motion of Alderman Livingstone this report was adopted and referred to the commissioners to take all steps necessary in seeing that the law is enforced in future. Another law was taken by this same alderman at the council at the corner of Jasper and Nanyaw avenues. These he stated had been condemned by the medical officer of health, the building inspector, the fire chief and others and he believed it was time that something should be done to remedy them.

## About Garages.

In his report to the council the building inspector states that last January regulations were passed providing for garages entirely of steel, and not to accommodate more than two automobiles to be built on rear lots on Jasper avenue, Whyte avenue, First street and Nanyaw avenue which seems to account for any steel buildings on Jasper avenue.

There has been one erected during the season on First street, but it is just outside the first class fire limits, and while I might and did discourage it, I could not stop it. The owner referred to on Nanyaw was moved in there in the night and immediately thereafter the agent who sold the building and was instrumental in having it moved and placed in its present location, left the city. The owner of the land and the occupant of the building disclaim any ownership in the building. There are no such buildings on Whyte avenue under any or my assistant's approval.

## Probability of Mistakes.

Mr. Melvor made verbal application to me for a steel building 30 ft. by 20 ft. with two small stores or offices in front and two small stores in rear on the north corner of Jasper and Ninth streets, and when I informed him that it was beyond me to grant his request he suggested that I grant him a permit for four or five garages on the rear lot, but he to connect them up to me to make mistakes, but I am not knowing how to do it. I do not believe it is advisable to repeat the conditions on Jasper avenue in having the first building that is erected in the vicinity of the new street, being nothing but a nuisance.

## POLICE CHIEF IS OUT.

Bedford, Alta., Sept. 10.—At a council meeting lasting past midnight hour, the resignation of Chief of Police Sullivan, who is under fire on various counts, was accepted. The report of the investigating committee was to the effect that Sullivan had exceeded his authority in certain instances and that the best interest of the town would be served by accepting his resignation. The council also demanded that he make restitution of all license collecting money which has come into his hands and was accounted for on the books of the city.

# RICHARDSON'S NOTE FILED BY COUNCIL

Former City Auditor Answers Charges Given as Causes for Dismissal.

The letter submitted to council by C. L. Richardson, the dismissed city auditor, answering the charges made by the city council, was brought up for consideration at the council meeting last night and on motion of Alderman Walsh and second of Alderman Douglas, it was ordered filed.

Before the motion was put Alderman Walsh took occasion to state that he desired to compliment Mr. Richardson in his able defense of the charges laid against him. He had answered every charge in detail and his evidence showed very clearly how unjustifiable have been the attacks made by the committee. If the aldermen had not been over the report, will not admit that Mr. Richardson has been the victim of unfair treatment, then I must reserve my opinion of the character of these gentlemen," said Alderman Walsh.

The incident of the dismissal of the former city auditor, as reported by the committee came in for severe criticism from Alderman East, who stated that he had no business over the report, will not admit that Mr. Richardson has been the victim of unfair treatment, then I must reserve my opinion of the character of these gentlemen," said Alderman Walsh.

Alderman Douglas regretted the action taken by this committee. He expressed the view that it was entirely unfair to an old city employee and should never have been allowed.

## NEW CEMETERY SITE IS CHOSEN

Burying Ground is Situated in Heart of City's Industrial Sites

The council approved last night the recommendation of the select committee that block 3, Beechmount, be set apart for cemetery purposes. This scheme will not need the unanimous approval of the members of council, but on motion of Livingstone and Smith the resolution was adopted by Alderman Walsh, Alderman Douglas and Alderman East, May and Driscoll opposed it.

Owing to the great amount of sentiment in connection with the burying of the dead, said Alderman Driscoll, it will be an awful pity if we have not enough money to purchase a suitable location for a cemetery. He referred to the respect paid by our neighbors to the south side of the city, where when they decorate the graves of their friends. The question of distance he did not think should be considered in this connection.

Alderman Livingstone stated that the lot suggested would be ample for many years to come, and he did not believe in the city spending money for cemeteries. The property site he said is situated in the heart of the industrial sites, where it could possibly affect residents' health. He also urged the need for immediate action, as even now there is not room to bury the dead.

Alderman East took the view that provision should be made now for a large piece of ground suitable for the needs of the city for a long time to come. He considered it a fatal mistake to have little cemeteries all over the city.

Alderman Smith spoke in favor of several smaller cemeteries, as under existing conditions, if only one cemetery is chosen away outside the city, it would take rich men to pay the expenses of the funerals.

## GIANTO SWINDLE ALLEGED.

Tore Haute, Sept. 10.—John Collins, a High Melville and Charles, are alleged to be "chump" men, arrested here a week ago on charges of swindling. Collins, a former resident of Gary, Tex., a Houston, Texas, banker, grand jury, were indicted by a grand jury here yesterday on charges with swindles said to aggregate nearly a quarter of a million dollars. The gang is alleged to have secured \$700,000 which Shaw was induced to invest in a mythical Mississippi land deal.

## THE WEATHER.

Forecast.—All west fair and comparatively cool today and tomorrow. High 50, low 30. Bulletin.—The weather in Manitoba has been very high with high winds during the night. Heavy rain and thunderstorms occurred in eastern parts. In Saskatchewan and Alberta the weather was cool, with some light frosts at night at a few points.

# CITY COUNCIL NOTES

According to the ruling of the city council in a city at present where the provisions for hire will be required to pay a license fee of \$10, the city council has decided to reduce the fee to \$5. The council has also decided to reduce the fee for the use of the city's streets for the purpose of advertising to \$10. The council has also decided to reduce the fee for the use of the city's streets for the purpose of advertising to \$10. The council has also decided to reduce the fee for the use of the city's streets for the purpose of advertising to \$10.

The council ordered filed a request from the Dominion Cable Press, Toronto, that assistance be granted them in their work of publishing literature for the blind. The letter states that during the year 1,500 magazines and copies of other books, as well as the bible in text for the blind, have been sent to the province and to the city.

The council approved the recommendation of the commissioners for the closing of a lane in block K, 14, for the benefit and on the request of Mr. Roberts. This privilege has been asked owing to the narrowness of the lane and the fact that it is impossible to build a garage on the lot. The council has also decided to reduce the fee for the use of the city's streets for the purpose of advertising to \$10. ## One More Day of the Great Exhibition of Oriental Rugs

The great interest the public has displayed in this exhibition of Oriental Rugs by the Oriental Carpet Manufacturers, Limited, of Smyrna, has induced them to extend the showing for one more day. But Thursday will positively be the last day on which you can see this, the greatest and best assortment of genuine Oriental Rugs that has ever been brought to Western Canada. Small hearth rugs and large room size rugs in such celebrated makes as Berber, Cadiaf, Akbar, Anatolian, Mahli, Calcutta, Tabriz, Kirmanshah, Meshed, Shiraz, Mosul, Sarouk, Belookistan, Hamadan, Kazaz, Senneh, etc., in a dazzling array of exquisitely blended color, representing the best skill of the Oriental weavers. They are all hand woven and are of character and quality that possesses practically limitless durability. They are absolutely unfadable colors and of beauty that will appeal to every person seeing them. Thursday is the last day of the exhibition. Avail yourself of the opportunity to see them, and perhaps of purchasing at an unusually low price a rug that will remain a treasure in your family for generations.

Chet McIntyre Reaches Seattle Trying to Ince Champion to Return.

Seattle, Wash., Sept. 10.—Vivian Ritchie, removing himself stealthily from Vancouver, the scene of his proposed fight with Freddie Welsh for the lightweight championship, arrived here by steamer early today in time to San Francisco. Chet McIntyre, promoter of the fight, arrived on business and to see if he could carry Ritchie to Seattle. McIntyre said he would pay \$10,000 for the fight, \$5,000 per cent. of the receipts on a fifty-fifty basis. ## Women Have Prominent Part in Big Congress

Are Contributing Papers in Most Sections of British Association Meeting—Dominate One and Are Subject Matter of Debate in Many More—Mme. Curie to Speak.

London, Sept. 10.—Sir Oliver Lodge, who will deliver the inaugural address at the meeting of the British association at Birmingham tomorrow, has given on timely expression to his views on the ultimate unit of faith and science in this week's Christian Commonwealth.

Among a number of questions put to him was the inquiry: "Has recent scientific investigation particularly inquiry into the constitution of matter and the origin and nature of life, made it easier to believe in God?"

"Belief has not been made easier," was the reply, "but has been made firmer and more real. For this is the effect of all knowledge among those who understand and assimilate it. Through knowledge of science, a different, even an opposite effect from superficial knowledge."

Asked whether he thought the world was near to a demonstration of the human personality's survival after bodily death, he answered: "Yes, certainly, and that which has been in past a matter of religious faith will become in the future a matter of scientific knowledge. I do not say that proof is already complete as yet, but it is gradually being secured by the cumulative effect of a great mass of gradually acquired experience."

"What are the assured scientific conclusions regarding 'psychological research'?" was asked. "Scientific men,"

the most remarkable person fact—about the British association is the large share that women will take in the discussion. The most distinguished of feminine guests is Mme. Curie. For the first time a woman is the president of a section, namely, the section of the well known biologist.

Women are contributing papers in most of the sections and they are forming the subject matter of debate. The sex problem will, indeed, be discussed in more than one section on different points of view. There are as many different contributions by women, and as many as the number. Mrs. Charles Temple will give the result of investigations in Nigeria.

The new sub-section of physiology is dominated by women. They take almost half share in the educational section. Women also contribute two of the most practical papers in the Agricultural section.

MRS. PANKHURST TO SPEAK OCT. 22

Miss Wickham, advance agent, Arranges First Lecture for New York.

London, Sept. 10.—Miss Joan Wickham, of the Women's Social and Political Union, has for America on the Order on Thursday to make arrangements for Mrs. Pankhurst's coming lectures there.

Speaking of her leader's plans, Miss Wickham said: "Mrs. Pankhurst does not intend to try to tell the American women how to achieve their own ends as far as suffrage goes, but to show them the best of her advancing mind that there is nothing to be gained by the old way of thinking. She wants to take the impetus of this great movement and use it to eradicate such evils as the 'white slave' and the 'black slave' and the status of women, and of course, the main way to educate women is through the vote."

The first lecture will be delivered about October 22 in New York. A week later, Mrs. Pankhurst will go to Boston, then to Chicago, and afterwards to other cities. Her tour will close about November 20, when she will be in New York and is feeling better.

The militant leader will probably sail from Havre as the British government might hinder her departure from British port.

## NO GUESSING END OF EMPIRE FARCE

'Officer 666' Keeps Audience in Suspense Until Fall of Last Curtain.

One of the most pronounced comedy successes of last season in New York City was "Officer 666," which will be presented at the Empire theatre tomorrow night.

This comedy by Augustin Macdonald in three acts and was first produced at the Gaiety Theatre, New York, where it ran the entire season to a continual fusillade of laughter, which it is said, eclipsed all other comedy offerings during the period of its metropolitan existence.

## AUTHOR CHOSE MISS JOHNSON

Rox Beach Insisted that She Play "Necia" in "The Barrier."

Rox Beach selected Cherry Johnston to play the role of Cherry Matto in the New York production of "The Spoiler," presented by Daniel Frohman, but Miss Johnston, who was then first in America, had the conventional prejudice of the English actress against playing unattractive roles.

When "The Barrier" was originally produced at the New American theatre, New York city, Eugene O'Neill, the dramatist, asked her request to that of her brother, Miss Johnston be entrusted with the part of Necia. "When the transcendentalist was looked for "The Barrier," the author and playwright jointly specified that the one condition they would impose on the management was that the leading female role be enacted by Miss Johnston. Thereupon the theatre was secured, while Miss Johnston, who has proven the judgment of her brother and the author and playwright jointly specified that the one condition they would impose on the management was that the leading female role be enacted by Miss Johnston.

Miss Johnston is not a star in this production. There are several other stars in the "Barrier" company. It is a capably constructed, a very superior cast of players, at the Empire theatre, is three days, commencing Thursday, September 12.

## PICTURES THAW TRIAL AT EMPIRE

Scenes Around Sherbrooke and Chief Actors in Trial Will Be Shown.

The orpheum vaudeville circuit has secured another big hit at great expense. The picture circuit has secured the exclusive rights to the motion pictures depicting the interesting scenes around Sherbrooke and Sherbrooke, Ontario, where Harry K. Thaw, the last years in the United States, is fighting a legal battle for his freedom.

The eyes of the whole civilized world are on Harry K. Thaw, his counsel, and probably more than all others, William K. Jerome, the picturesque ex-district attorney of New York, who has proven the necessity of the murder of Stanford White. The motion pictures of the Thaw trial on the one side of the border will be shown at the Empire theatre the first half of next week, as an added feature of the orpheum vaudeville shows. Among those shown are Thaw's attorney, Jerome, the jury, and the numerous crowds gathered at the railway station and around the jail where Thaw was incarcerated. Interested in these remarkable pictures should be stimulated by the fact that Thaw's freedom still hangs in the balance.

### RITCHIE MYSTERIOUSLY DISAPPEARED ON EVE OF FIGHT WITH FRED WELSH

World's Lightweight Champion Checks His Baggage Out of Vancouver and Silently Stole Away to a Happier Land Where There is No Danger of a Battle If Report Be True.

(Special to the Capital.)  
Vancouver, Sept. 10.—The Ritchie-Welch fight is off. Willie Ritchie disappeared from the city last night, apparently having run away from the fight on September 20th. Yesterday afternoon it was rumored that Ritchie had stated he was going to leave the city and, indeed, it was discovered that his baggage had been checked out.

Willie Ritchie's mysterious disappearance and the fact that earlier in the day he had checked his baggage to San Francisco, indicates that the champion has run out of the match which would net him \$10,000 win, lose or draw.

The promoters nor the Welch camp were not notified of Ritchie's intentions up to the hour of going to press. The champion had signed an agreement to meet Welch in a 20-round bout here on September 20th, for which he was to receive \$10,000, win, lose or draw. The match had been originally scheduled for Labor Day, but postponed when Welch sprained his ankle. The promoter then consented to give Ritchie an additional \$10,000 for the extra delay.

The moving picture privileges were divided, 50 per cent. to Ritchie, 30 per cent. to Welch and 20 per cent. for the club.

Last Saturday the club posted \$2,500 in cash; Welch posted \$1,000 in cash and a check for \$1,000, on a Los Angeles bank, while Ritchie posted a check on a San Francisco bank for \$2,000. So far this check has not been received by the San Francisco bank nor has the bank been advised of its receipt.

Ritchie appears in the role of a champion running to cover. Since the rejection of Eddie Greaney as referee and the acceptance of Jim Driffin, of San Francisco, for this job, Ritchie has not acted like the same man. Both himself and his manager, Foley, were keenly disappointed when Driffin was suggested and accepted by the club and Welch.

Yesterday, several days after the forfeits were posted, the clubs accepted the offer of different firms for advertising the fight pictures. When Ritchie learned of this he immediately demanded 80 per cent. of the returns. This demand was refused by the firms. There was a discussion and Ritchie left immediately without advising the promoters of his intention. Tonight he left for San Francisco.

### STAR OF YANKEE PITCHING STAFF.

Ray Caldwell, the lanky twirler of the New York Yankees, who figured in both games of the double victory scored by the New Yorks over the Athletics on Saturday. Caldwell pitched

fair-ly light ball in the first game, letting down his slugging opponents with two hits, and he went to the rescue of the faltering Keating in the second game first in line to prevent the Mackmen from swiping the contest.

### MEDICINE HAT IS IN MIDST OF ITS FALL EXHIBITION

Horse Races Were Exceptionally Good, Alpha Dell Second in 2:13 Pace.

Medicine Hat, Sept. 10.—Despite rather disagreeable weather, a fair-sized crowd attended the opening of the Hat's exhibition yesterday. The number of entries and exhibits this year are nearly double the total of last year. Some particularly fine horses, also shown. A fine race program the feature of the day, was run off.

Three minute pace or trot—Hal Stewart, Chesterton farm Calgary, won; Chaslini Hal, Sol Murrays, Calgary 2nd; Argus, W. F. Fawcett, Medicine Hat, 3rd; Black Jack, Bert Smith, Medicine Hat, 4th. Time 2:02 3/4, 2:13, 2:14 1/4, 2:27 1/2.

2:13 Pace—Judge Dillon, W. C. McLean, won; Copins, W. R. McGuire, Moose Jaw, 2nd; Complete, C. Pendleton, 3rd; Lachlan, J. Sinclair, 4th. Time 2:20, 2:20, 2:19 1/2.

Five-eighths mile dash—Bell Gossy (Broadfoot) won; Slicker (W. H. Hay) 2nd; Mandy (Reford) 3rd. Time 1:03 1/2.

Confounder race—Henry Mitchell won; A. J. Bryson 2nd; Gerald Cousins 3.

### LOCAL RIPPLES.

On Thursday the Red Sox baseball team of Edmonton will play the Alx team for the inter-city championship. The game will depend on the result of a series of three games. # Laughs With Joy! No More Indigestion

Montreal Man so Ill, Thought  
He Would Die of Stomach  
Trouble.

Found a Simple Remedy That Has  
Kept Him Well Ever Since.

The experience of Mr. Larose is one  
you can understand today.  
"I suffered from dyspepsia and in-  
digestion for five years. I suffered so  
much that I could hardly attend to  
my work. I was weak and lost all  
courage. I enjoyed no rest until I  
decided to follow your treatment. To  
my great surprise I immediately began  
to feel better. I am now using the  
greatest box of Dr. Hamilton's Pills, and  
I feel so well that I want to tell you  
that I owe this great change to your  
famous pills. I recommend them to  
every person who is suffering from  
dyspepsia. Your grateful servant,  
D. H. Larose, 538 Joliette  
street, Montreal, P.Q.

# OWE NOTHING TO THE ENGLISHMAN

Canada's Debt is to England,  
Her Institutions, Legislation  
and Traditions.

Vancouver, Sept. 10.—There was  
a record breaking attendance at the Cana-  
dian club here yesterday, when Sir Gil-  
bert Parker spoke in part as follows:  
"The debt that you owe to England  
by blood and tradition is a debt which  
the best and greatest of Canadian peo-  
ple acknowledge. You are not yet  
building a great Canadian nationality,  
and so you are, but it is not antago-  
nistic to England but rather a debt  
may not care for Englishmen personally,  
but to their institutions, legislation  
and traditions. You owe loyalty not to  
the Englishman personally but to Eng-  
land and her common law and it is not  
which has given you the freedom that  
your fathers and mine fought so hard  
for. When you talk of England, think  
of that which is more than England—  
the heritage of centuries."

# SENATE WILL REACH VOTE ON TARIFF BILL

Members Agree to Decide Issue When  
Vote is Taken. Debate  
Could Not End Last Night.

Washington, Sept. 10.—The senate  
voted on the democratic tariff bill  
yesterday. This agreement was  
reached Monday morning, and it  
appears that it would be impossible  
to carry the plan to pass the measure  
before adjournment. The party lead-  
ers agreed to keep the senate in ses-  
sion until well into the morning to dis-  
cuss the bill. The reserved  
power of the senate to amend the bill  
and then to adjourn until 9 o'clock to-  
morrow solidly tonight against the re-  
publican onslaught of the tariff bill. With  
party leaders urging their colleagues  
to approval of the tariff bill, the re-  
publicans faced up against the anti-free  
trade sugar forces and defeated all  
attempts to the bill as fast as  
they came to the vote.

Attempts to restore a duty on the  
raw wool and to raise the duty on  
woolen manufactured goods made in  
successive amendments by Senators  
Tamm, Clegg and others, but all were  
defeated without the loss of a single  
vote. A stand by the anti-free trade  
forces led by Senator Russell of  
Louisiana, however, held the atten-  
tion of the senate through the evening, but  
the votes of Senators Clegg and Russell  
threw the bill into the hands of the  
republicans on the sugar issue.

# HAS GIVEN AWAY \$300,000.

New York, Sept. 10.—Receiving con-  
gratulations from friends throughout  
the United States, and abroad, Mrs.  
Russell Sage, widow of the famous  
financier, Monday quietly observ-  
ing her 55th birthday anniversary. Mrs.  
Sage is reported to be in good health.  
Since the death of her husband she  
has devoted much of her time to the  
numerous charities and philanthropies  
in which she is interested. Within the  
past few years she has given to public  
institutions nearly \$300,000.  
The largest of her gifts was a sum of  
\$100,000 for the Russell Sage founda-  
tion for "the improvement of schools  
and living conditions in the United  
States of America." Among her other  
contributions have been \$250,000 to the  
Perest Mill garden, near Jamaica,  
L. I., \$200,000 to the Presbyterian  
church at Poughkeepsie, N. Y., \$200,000  
to the Russell Sage Polytechnic  
Institute, and \$100,000 to the  
Troy Female Seminary. Mrs. Sage  
is a graduate, and where she  
laughed before her marriage.

# BURNS ENIES ALLEGED FRAME-UP AT PORTLAND

Art. Pelkey, Heavyweight Champion, Alleges that Burns Forced Him  
into Fixed Fights and Robbed Him—Burns Makes Sweeping  
Denial—Portland People Do Not Believe Story.

(Special to the Capital)  
Portland, Oregon, Sept. 10.—The  
fight and that Burns got \$2,700. The  
Portland-Capital says his knockout of  
Andy Morris, May 1st, in eight rounds,  
was on the square, as was his battle  
with McCarry May 14th.  
Pelkey unfolded a few details of his  
vaudeville tour and said Burns forced  
him into giving him 50 per cent. of all  
earnings while he (Pelkey) was in jail  
in Calgary.

"During our sparring exhibitions in  
Portland and Los Angeles  
theatres," added Pelkey, "Burns made  
me fight under traps all the time,  
and he shamed away at my broken  
nose."

The talk of a bout with Jack John-  
son in Paris was framed by Burns, Pel-  
key alleges.  
(Special to the Capital)  
Calgary, Sept. 10.—Tommy Burns  
made the following signed statement  
after being shown the Portland des-  
patch purporting to be a confession by  
Arthur Pelkey:

"I cannot believe that Arthur Pelkey  
ever made the statement which is  
credited to him in the press des-  
patches. I attribute it to Tim Mac-  
Grath, who has perhaps influenced Pel-  
key. In fact, I doubt very much if Pel-  
key ever saw it before it appeared in  
Portland papers. Ever since Pelkey  
and I went to California offers were  
made to steal him from me. Tim Mac-  
Grath was the man who caused most  
of the trouble, and I shall bring crim-  
inal proceedings against him."

"I absolutely deny that the Calgary  
fight was framed. I do not deny that  
I could have knocked Pelkey out in the  
fourth round if I had tried to, but one  
of the rules of my club was that there  
were to be no knockouts. As for the  
private sessions where the fight was  
framed up, that is nothing but a lie.  
I think the story was framed up  
and sent out with the intention of  
making me angry and get me to sign  
up the contract that I have withheld.  
It has had just the opposite effect.  
It must be lived up to now by the  
letter."

"The expense of the trial in Cal-  
gary was borne entirely by myself. I  
have a statement signed by Pelkey of  
every cent taken in on the vaudeville  
tour in the second and fifth rounds.  
Since coming back to Calgary I have  
sent Burns's mother \$200 and his  
wife \$50, as was required to do."

"I refuse to believe that Pelkey ever  
saw the statement until it was publish-  
ed in the papers. I cannot say for  
it except that it is another piece of  
silly work on the part of Tim Mac-  
Grath and his friends."

crowds which will overflow the fields  
and cause ground rules to be made.  
This one feature to my mind, takes the  
real life out of a championship game.  
For instance, a ball hit beyond the in-  
field is always good for two bases, and  
the outfielders are unable to reach the  
ball because of the crowd. This same  
rule also advances a man on bases  
two bases. Its fine gravity for the team  
at bat, but the game would be far more  
interesting could the players in the  
outer gardens field the ball without in-  
terference by the spectators.

"Nor does this bad blood appear to  
me to exist between the public of  
Philadelphia and the Giants altogether.  
This season Josh Devore was traded to  
Cincinnati by the Giants along with  
some other players for pitcher Fromme.  
And right away quick see what Man-  
ager Devore did. He traded him to the  
Giants a scheme whereby he secures  
Devore for his Phillies through a trade.  
It seems to be a sign of a meaningful  
meaning."

"Philadelphia is furnishing some  
great baseball this year with both of its  
teams. In fact the fans are conducting  
themselves in the manner that would  
make the wildest league game fan  
quite orderly, and so far as I can  
see the contest between the Athletics  
and the Giants will result in  
fences and riots unless more stringent  
police protection is afforded by the  
city of Philadelphia. And that may  
mean the muzzling of over half of  
the Phillies' force, into the already  
crowded grounds."

About the Tickets  
"How do you expect the tickets to be  
distributed this season?" Mr.  
O'Brien was asked.  
"Well, I don't know really. I've had  
considerable trouble during the past  
two years," said Mr. O'Brien, "and  
both series I had to pay an average of  
\$7.50 for each game and the daily trip  
to Boston and back to New York cost  
me \$12 besides hotel bills. I could  
have secured seats lots cheaper, but  
I have chances would be in that case  
of seeing little or nothing of close plays  
on the diamonds, because of the location  
of the cheaper seats."

"That despite all those petty annoy-  
ances," concluded Mr. O'Brien, "the  
well worth the trip and expense to be  
one of thirty or forty thousand wildly  
excited fans and to see major league  
baseball on such an occasion. Who'll  
win the championship this season?  
Well, that's hard to say out this  
year. Just take a hat pin, close your  
eyes, make a stab and then wait and  
see. It's pretty much of the same  
game. What is uppermost in  
my mind just now is the fact that the  
fans between Philadelphia and New York  
only two dollars so that I need only be  
compelled to stay in Philadelphia about  
three or four days. I have often other-  
wise while the series are in progress and  
can beat it back to New York after every  
game in the City of Brotherly Love."

The last remark was made with  
strong emphasis on the cognomen of  
Philadelphia, Pennsylvania, U. S. A.

"The game will bring record  
crowds."

# STREET SIGNS JEERED.

The new name plates for the street  
signs are one of the biggest jokes this year.  
The man in charge of this work started out  
this morning along Jasper avenue to put up  
the new street signs. He was attacked by  
the general public at every corner and all  
kinds of fun made of the design of these  
new signs. They are constructed at the  
stores and work department on time. The  
work was stopped after some 10 signs had  
been put up along Jasper avenue, and the  
attention of the mayor is being called this  
afternoon to the inferior quality of the  
signs and the way they are steeled. This  
is a sample "92 ST." without any abbre-  
viations or punctuation marks. It is prob-  
able that regular painted signs will be or-  
dered to replace those already put up.

# PERSIAN TO LECTURE ON HIS NATIVE LAND

Rev. A. E. Kuchaly, Speaker at Entor-  
tainment in First Baptist Church,  
on Wednesday Evening.

Rev. A. E. Kuchaly of Persia will give a  
lecture on Wednesday night in the First  
Baptist church, the subject being "Persia,  
the Land of the Lion, the Sun, the Hoop  
and the Shah." Mr. Kuchaly will appear  
in the costume of his native country and  
will speak with an intimate knowledge of  
the details of its customs, its history and  
its literature.  
Mr. Kuchaly has spent a number of years  
in university life in this country and speaks  
English with the ease of a native-born  
Englishman. Those who look forward to his ad-  
dress are assured of a most enjoyable even-  
ing.

NEEDLESS ALARM

An old German farmer entered the  
office of a wholesale druggist one  
morning and addressed the proprietor.  
"Mister Doctor, I haf der schmal  
pox—"  
"Merciful heavens, Mr. Jacobs," ex-  
plained the doctor, as the latter fore-  
saw the man was in a hurry to get out,  
"don't come any more!"
